Dear Parents and Guardians

---

I want you to know that the staff and I miss students every day and I know students are missing their friends. The day to day hustle and bustle of the school is what makes school a great place, and Spring Valley is a great place to be!

March 2020 was a month we will always remember. It came as a shock to everyone that schools were to be closed and that the world had shifted its attention to deal with the COVID19 virus. As we have all adjusted to life at home, it has given us time to reflect on what is important and our families' health is at the top of that list.

The staff and I have been reaching out to all of you to see how families are doing. Parents and guardians are working hard to keep children active at home, and staff are working on ways to contact each family to engage them in learning.

We look forward to the day we can see everyone, however, in the meantime, take care of yourself and your family.

As always, if you are in need of assistance, have questions or concerns, please do not hesitate to reach out to your child's teacher or you can email or call me.

Ms. Adams, Principal
